# FC114ASP

*Creasing, Perf/Scoring, & Numbering*

**All-in-one, easy-to-use machine to meet all your numbering, creasing and perforating needs.**

With the FC114ASP, you can handle high quality numbering, creasing and perforating all-in-one. Includes a strike perforating head, capable of partial page and intermittent perforating. Strike perforating makes it easy to create custom 2 and 3-part partitions.

The FC114ASP utilizes a high-speed, bottom-feed, vacuum system. It delivers accurate CAM actuated compression creasing with 2 crease widths, pneumatic numbering up to 24 times, virtually anywhere on the sheet, plus rotary, strike and optional micro perforating. It is compact, incredibly easy-to-use, and highly versatile. This all-in-one solution, that includes automatic, one-touch setup, is perfect for all your creasing, perf/scoring, and numbering needs.

- ⌋ Bottom-feed, vacuum system with register guide
- ⌋ Simple programming for individual creasing, perf/scoring, or numbering
- ⌋ User-friendly touch screen with auto sheet setup
- ⌋ Automatic batch and total sheet counting
- ⌋ Accommodates inline folders like the KF-200
